

## Years 1 Curriculum Letter - Spring Term 2025

Dear Parents/ Carers,

Welcome back and Happy New Year!

Our topic this term is The Great Outdoors

Over the term, the children in Year 1 will be learning about the following:

### **Maths**

Units of work will be addition and subtraction to 20, place value to 50, length and height and weight and volume.

We will be working on times table challenges this term. A fabulous website for practicing times tables is Top Marks, particularly the hit the button game.

### **English**

The texts that we will cover this term are: Grandad's Island (fiction), Seasons (non-fiction), When I am by Myself (poetry) and Our Trip to the Woods (non-fiction).

The children are currently working hard in their phonics lessons ready for the phonics screening check in the summer term. Regular reading at home will hugely benefit the children with their reading in school. Grammar and spellings are taught within our phonics and English sessions alongside handwriting.

### **Science**

At the beginning of the term, we will be learning about animals including humans.

Later in the term, we will be learning about caring for our planet, developing our scientific research skills and learning about Seasonal changes from Winter to Spring.

### **ICT**

We will be discussing online safety, Lego builders, maze explorers and pictograms.

### **Geography**

We will be learning about the United Kingdom, naming and labelling the countries and learning the continents of the world.

### **History**

We will be looking at the life of Wangari Matthai, why she is important and why she won the Nobel Peace prize. Alongside this, we will be learning about other Outdoor Explorers.
